

Deer Park Public Library  
Mission Statement

The Deer Park Public Library is committed to all residents of the Deer Park Public School District. Deer Park Public Library believes in enabling access to the universe of informational, educational, cultural, recreational library materials and services in a variety of formats and technologies. The Deer Park Public Library will be responsive to the changing needs of the community.

Roles of the Deer Park Public Library

The library encourages lifelong interest in reading and learning activities.

The library strives to enrich the lives of its patrons by offering a balanced, broad collection of printed and spoken word, visual images and music.

The library provides services to members of the community with special needs.

The library believes in ongoing training and development of staff so we can provide . better service to our community.

The library holds the belief of introducing the youngest members of the community to reading and learning activities.

The library recognizes and provides many senior services.

The library provides a place for the people of Deer Park to collaborate and connect with the broader community.
